

EVERY-AV-THING IN COLLABORATION AND CONFERENCE ROOM CONNECTIVITY

BRING YOUR OWN DEVICE, BRING YOUR OWN CONFERENCE, WITH THE DIGITALINX TEAMUP+ SERIES COLLABORATION SWITCHERS

Seamless BYOD presentation hand-off using in-room peripherals

Liberty AV's new TeamUp+ Series DigitalInX Collaboration Switcher (DL-SCU21C) makes virtual connectivity, presentation, and auto-switching effortless. Connect your HDMI or USB-C computer and easily access the camera and mic in the room. Skype, GoToMeeting, Zoom, it doesn't matter... Connect and collaborate! Perfect for simple applications using a computer for software or cloud-based video teleconferencing in a huddle room, conference room, or board room.

EVERY-AV-THING IN CONFERENCE ROOM COLLABORATION AND BYOD SOLUTIONS

- 1 HDMI and 1 HDBaseT output up to 70 meters
- Optional HDBaseT Receiver for SoftCodec switcher / extenders up to 70 meters
- PoH power remotely powers soft codec transmitters from this receiver
- HDMI input adds 1 additional input to the switcher/extender for local sources such as wireless BYOD, AppleTV, or a local computer

LONG-DISTANCE RUN APPLICATIONS

Input on RX allows you to incorporate wireless gateways to wirelessly screen share!

System automation built in! It automatically powers up TV or projector via RS232, up/ down relays for projector screens with no need for separate system control.

Users bring their own computer to the room eliminating the need for dedicated conference systems- the computer is the conference system! Users can now utilize the room's built-in USB mic and camera for a professional user experience.

- 4x1 or 5x1 (When used with optional HDBT Receiver) A/V Auto Switcher / extender
- 4-port USB3.0 hub on switcher and 2 USB2.0 ports on Receiver
- Local HDMI input on RX for BYOD devices
- Automated control features two relay ports and an RS232 port to power up displays and room peripherals when video input is detected
- Supports TCP/IP and RS232 control

Would go with either of the 41UP-BXTX or SC41U (Adds an HDMI Input - you get a fifth input, and you get two more USB ports.

DIGITALINX 4X1 TEAMUP+ SERIES MULTI-FORMAT PRESENTATION SWITCHER/EXTENDER W/HDBASET & USB

4K60 18G 4x1 or 5x1 (When using optional HDBT RX) presentation switcher/extender with HDMI, DisplayPort, & USB-C inputs, USB3.0/2.0 hub, simple display control, and 1-way PoC power DL-SC41U-TX / DL-SCU-RX

CONNECT EASILY IN TODAY'S BYOD WORLD
