

 touchlesscheck.in by TELEPORTIVITY

No app required. Visitor Management. Visitor Access Records.

 **LIBERTY**
AV SOLUTIONS

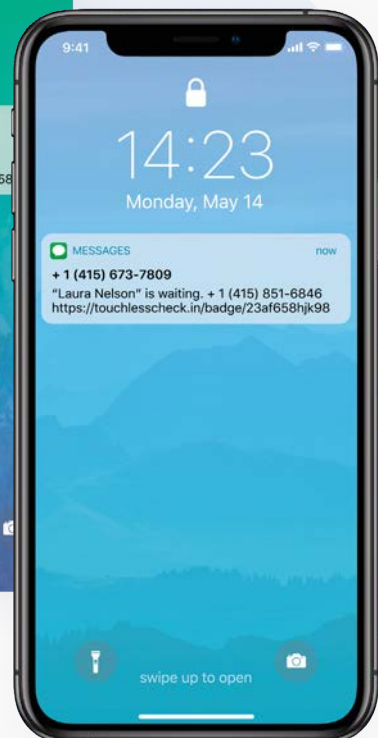

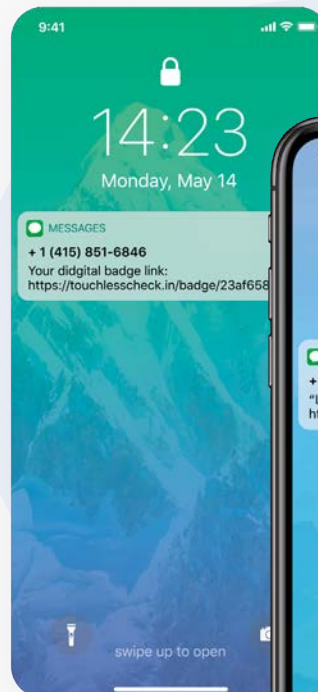

Simple registration for your visitors

No app required. Visitors simply scan the QR code, fill out a form, take a photo and receive a digital entrance ID. So simple and easy.

SMS notification system

Your visitor receives an SMS message with a Digital ID Badge. The Host is also SMS notified that the visitor has arrived and has visibility of their ID for verification.

TELEPORTIVITY
WHEREVER YOU ARE SO ARE WE

Easy integration with Teleportivity's

QR Video Concierge Bell – Video / Voice / Text

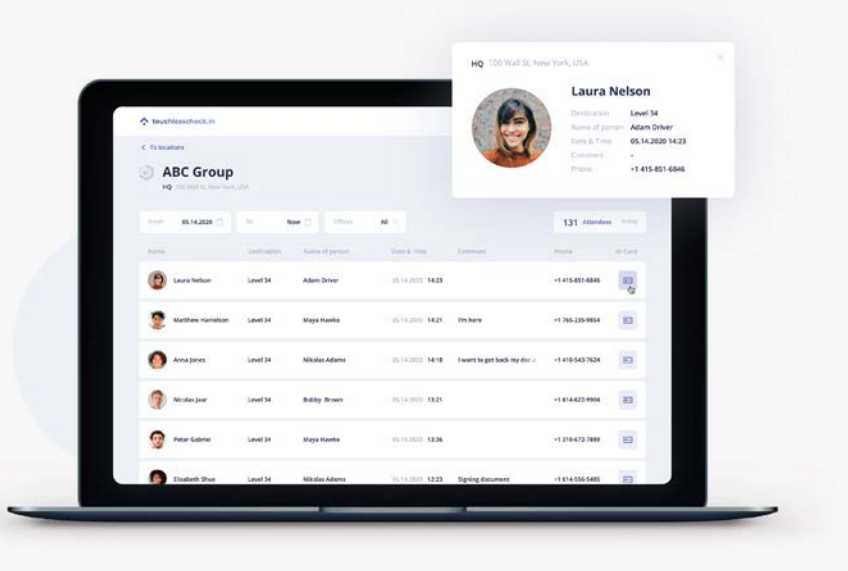

No hardware. Nothing to install. Just a QR code.

**Provide your visitors with
add-on features:**

- ✓ Check-in process
- ✓ Maps
- ✓ Delivery Instructions
- ✓ Forms
- ✓ Videos
- ✓ PDF Documents
- ✓ Web-apps

And so much more...

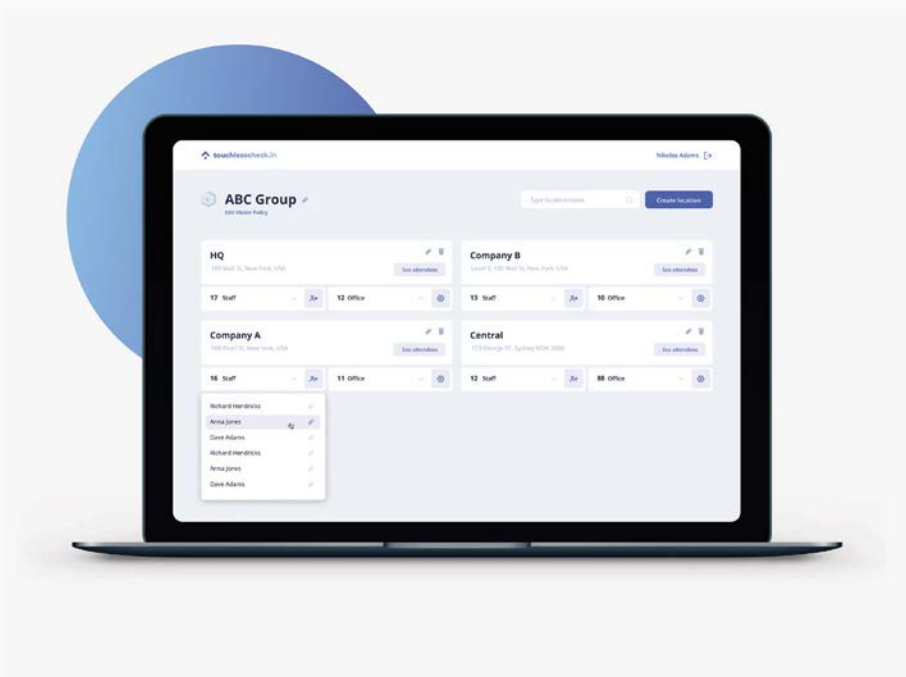

Admin platform for visitor management

All activity is registered in the visitor management / contact tracing admin platform. View visitor information and create new entrance ID's.

Admin control panel

Add new staff, manage destinations, generate your QR Code and Web Link with the click of a button.
